MSD Marine Distributor Cap  
PN 8565

**Parts Included:**
- 1 - Cap, PN 8565
- 2 - 10-32 x 3/4" SHC Screws
- 1 - Wire Retainer
- 2 - 1.5" Phillips Head Screws

**Note:** If you need to adapt your spark plug wire boots and terminals to fit the towers of the PN 8565 Cap, MSD offers a kit of nine boots and terminals, PN 8849.

This Cap fits MSD Marine Distributors that may also use the Socket style MSD Cap, PN 8564.

Before installing the new cap, note the location of the spark plug wires. It is a good idea to mark the location of one wire before removing it while leaving the other wires connected to the old cap. Install the new cap by using the two 10-32 x 3/4" socket head cap screws. With the new cap installed, you can install each wire individually avoiding any confusion.

![Figure 1 Installing the Wire Retainer.](image)

After installing the spark plug wires, position the retainer over the boots. Align the mounting bosses and use the supplied 1.5" self-tapping Phillips head screws to hold the retainer in place. It may be necessary to apply a slight amount of lubricant to the boots to help them seat into the retainer properly.
**Limited Warranty**

**Service**

In case of malfunction, this MSD component will be repaired free of charge according to the terms of the warranty. When returning MSD components for warranty service, **Proof of Purchase** must be supplied for verification. After the warranty period has expired, repair service is based on a minimum and maximum fee.

**All returns must have a Return Material Authorization (RMA) number** issued to them before being returned. To obtain an RMA number please contact MSD Customer Service at 1 (888) MSD-7859 or visit our website at www.msdignition.com/rma to automatically obtain a number and shipping information.

When returning the unit for repair, leave all wires at the length in which you have them installed. Be sure to include a detailed account of any problems experienced, and what components and accessories are installed on the vehicle. The repaired unit will be returned as soon as possible using Ground shipping methods (ground shipping is covered by warranty). For more information, call MSD Ignition at (915) 855-7123. MSD technicians are available from 7:00 a.m. to 6:00 p.m. Monday - Friday (mountain time).
